LESSON PLAN TEMPLATE

STUDENT- TEACHER: Martha Babilonia Saez Dallana de la Espriella Chadid Alejandro Narvaez Puente	**SCHOOL:** Universidad de Córdoba	**GRADE:** 2nd Grade
LESSON TOPIC: Positional Words and Movement	**TIME:** 2 hours	**LESSON DATE:** 29 de octubre, 2026

STAGE 1 – RESULTS

STANDARD/LEARNING OUTCOME

By the end of the lesson, students will be able to identify and express spatial and directional opposite pairs (inside/outside, up/down) to describe actions in a short narrative text, participating in interactive oral exchanges.

GUIDING QUESTION/ INQUIRY QUESTION

How do opposite words help us describe actions and places?

Teaching Points

Target Opposites: inside/outside, up/down, above/below.
Action Verbs: jump, climb, slide, swim.
Text Structure:
Orientation
Action
Sequence
Resolution

Specific vocabulary, grammar structures part of the lesson, content

STAGE 2 – ACCEPTABLE EVIDENCE

PERFORMANCE TASK(S):

WEB PAGE…
Students will work in pairs…

OTHER EVIDENCE:
Active participation during TPR Warm-Up
Good behaviour during the class
accurate flashcard placement during Board Story Mapping (Deconstruction)
Peer Smiley-Face Card feedback.

STAGE 3 – LEARNING PLAN

LEARNING ACTIVITIES

Warm-Up (20 min)

The teacher starts the class with an interactive and movement-based game

DIFFERENT CONSIDERATIONS

'Simon Says Opposites' (e.g., 'Simon says look UP! Simon says look DOWN!') Also with commands such as: Raise your hands, put them down, stand up, touch your head, shoulder. **The teacher will** explain what opposite words are and provide simple examples, such as *up/down* and *in/out*. The teacher will explain how these words help us describe places and actions with draws and flashcards. **The students will** listen to the explanation, observe the examples, and share other opposite words they know. **Group Practice (15 Minutes)** The teacher reads page 24 from the book called “The monkey goes swimming!” along with exaggerated gestures. *Let’s Talk.* The teacher, using images from the book, formulates instant questions for the students to answer, like: - ¿Is the Monkey INSIDE or OUTSIDE?" **Singing stage.** For students to have fun and engage more with the topic, the teacher guides the class with a chant and movement like: - "Monkey jumps UP! Monkey climbs DOWN!" "Monkey is INSIDE! Splash, splash, OUTSIDE!" **Performance Task.** **Closure.** The teacher says bye to the students and remembers them to study for the next class.	**Inclusive Learning:** The teacher will create a safe and inclusive learning environment where all students feel valued, respected, and encouraged to participate, regardless of their abilities, learning needs, or backgrounds. **Different Learning Styles and Paces:** The teacher will provide visual, oral and physical examples of opposite words to support students with different learning preferences and allow them enough time to understand and complete the activities. **Students with Learning Needs:** The teacher will adapt instructions, materials and activities according to students’ individual needs. Visual aids, gestures, repetition, simplified instructions, and additional support will be provided when necessary. **Active Participation:** The teacher will offer different ways for students to participate, such as speaking, pointing, matching pictures, drawing, or demonstrating actions. Students will not be required to participate only through oral responses.
ASSESSMENT	

Formative and ongoing assessment. The teacher will observe whether the student: - Recognizes the names of actions and opposites. - Pronounces vocabulary correctly. - Participates in activities and follows all instructions. - Recognizes body movements through pictures or questions.
REFLECTION *What happened during my lesson? What did my students learn? How do I know?* *What did I learn? How will I improve my lesson next time?*
